STATEMENT OF OWNERSHIP ABOUT SCIENTIFIC WORK AND TRANSFER OF RIGHTS FOR PUBLISHING IN THE CONGRESS

When sending an Oral Communication or a Poster, it is declared: I declare explicitly and under my responsibility the originality as well as the legitimate and absolute ownership of the work, in which I do not possess neither limitation nor encumbrance of any type which prevent me from having it openly, providing together this document the pertinent author/s permission of incorporations (images, illustrations, graphics or any other element) included in the work, releasing the UNIVERSITY OF JAEN from any conflict or liability which can be originated from the copyright and exploitation of this work. And, according to this document, you transfer the UNIVERSITY OF JAEN, in exclusivity regimen, rights of duplicate, public communication, transformation and distribution of it, in order to publish the proceedings of the 'III International Congress about Virgin Olive Oil, Olive Groves and Health', Jaen 18 and 19 of May 2018, which will be disseminated through open access. For the purpose of this cession, what it is understood by transformation is the simple inclusion of the communication/poster in the database of the university as well as the Catalogue and documents of the e-book for the Congress. This cession is free and will last the period legally established until the work passes into the public domain. Given the nature inherently cross-border of the mean used by the UNIVERSITY OF JAEN for dissemination of its digitized bibliographic collection, the cession will have a global effect. This document will be abided by the Spanish legislation in any unexpected situations and consequences in this agreement and, in particular, with prescriptions of the current Spanish legislation about intellectual property (Royal Decree Legislative 1/1996, 12th of April by which it is approved the consolidated text of the Law on Intellectual Property, modified by the Law 23/2006, 7th of July) and the rest of rules applicable. In the case of arising any disagreement concerning the scope, interpretation and/or realization of this agreement, both parts will be subjected to Court and Tribunals of Jaen and their hierarchical superiors, with express relinquishment to their jurisdiction, in the case that it is different.
